

Prathmesh Gatade

Full Stack Web Developer

8956146149 ◇ prathmeshgatade9945@gmail.com ◇ PUNE, IN ◇ [LinkedIn](#) ◇ [GitHub](#) ◇ [Portfolio](#)

SUMMARY

Results-driven and detail-oriented MERN Stack Developer with 2 years of hands-on experience in designing and building responsive web applications using MongoDB, Express.js, React.js, Node.js, and Next.js. Proficient in frontend development using HTML5, CSS3, Tailwind CSS, JavaScript ES6+, Redux, and backend architecture including RESTful APIs and MongoDB. Strong understanding of modern development tools like Git, GitHub, and deployment practices.

Technical Skills

Frontend Development : HTML5, CSS, Tailwind css, JavaScript ES6+, ReactJS, Next.js, Redux

Backend Development : Node.JS, Express.js, MongoDB

Database: MongoDB (NoSQL), Mongoose

Deployment & Version Control: Git, GitHub, Vercel, Netlify

Professional Experience

NWS Soft Consulting Pvt Limited, Pune

01/2024 – Present

Associates Software Developer (MERN Stack)

- Developed responsive user interfaces with ReactJS/NextJS, increasing user engagement by 30%.
- Integrated Redux for efficient state management throughout the application, ensuring data consistency and scalability
- Designed and refined web interfaces with HTML, CSS, and Tailwind CSS to ensure cross-device compatibility. Utilized GitHub for version control, enhancing codebase stability.
- Optimized backend performance using Node.js, Express.js, and MongoDB, improving data processing efficiency by 20%
- Deployed applications with NextJS, achieving 95% uptime. Led code reviews and actively contributed in team meetings, resulting in significant improvements in code quality and team cohesion.

Britwise Technology Pvt Ltd

Feb '23 — Aug '23 Pune, India

MERN Stack Developer intern

- Enhanced user engagement by 25% through front-end development with HTML, CSS, JavaScript, and ReactJS.
- Enhanced server performance by 30% through optimization of back-end code, middleware efficiency improvements, and advanced techniques using NodeJS and ExpressJS.
- Improved data retrieval efficiency by 20% using MongoDB. Ensured seamless code collaboration with Git and GitHub.

PROJECTS

Purchase Order Management System

Client & Project:

A B2B purchase order system for a manufacturing firm enabling buyers to raise orders, suppliers to respond, and admins to oversee purchase operations. The system supports tax and discount logic, payment tracking, and multi-role access.

Role: Full Stack Developer (Next.js, MERN Stack) | Team Size: 10 |

Duration: Jan 2024 – May 2025

- Built a responsive frontend using Next.js App Router and Tailwind CSS, improving load speed by 35% and user engagement by 25%.
- Developed RESTful APIs using Node.js, Express.js, and MongoDB, managing 1K+ purchase orders/month.
- Implemented complex tax, discount, and payment logic with real-time status updates (Paid/Partial/Unpaid), reducing manual processing by 40%.
- Secured application with JWT authentication and role-based access for Admin, Buyer, and Supplier.
- Deployed via Vercel and Render, automating CI/CD and reducing deployment time by 60%.
- Optimized backend and frontend performance using SSR, caching, and efficient queries, boosting system speed by 35%.

Technologies: Next.js, Node.js, Express.js, MongoDB, Tailwind CSS, JWT, Vercel, Git

Learning Management System, [[Link](#)]

- Developed a robust LMS using **ReactJS**, **NextJS**, and Tailwind CSS with MongoDB as the database.
- Implemented secure **authentication** with **NextAuth** and **JWT** for enhanced user privacy.
- Enabled admins to add and manage courses, view all courses, and track student enrollments and activities.
- Allowed students to enroll in courses, manage their profiles, and monitor their overall activity and progress. Ensured a **responsive design** for seamless (UX) **user experience** across devices
- Integrated Redux for efficient state management throughout the application, ensuring data consistency and scalability.
- Demonstrated proficiency in array/object manipulation, RESTful APIs, and clean code practices

Portfolio [[Link](#)]

- Designed and developed a responsive portfolio showcasing projects and skills using **HTML, JavaScript and Tailwind CSS,ReactJS/NextJS**.
- Implemented modern **UI/UX** principles and responsive design for accessibility across devices.
- Included a **dark theme** option for enhanced user experience and accessibility preferences.
- Secured user authentication with **JWT** (JSON Web Tokens).Deployed on **GitHub** Pages for easy access and demonstration.

EDUCATION

G.H. Rasoni College of Engineering And Management

Dec 2021 - Jun 2024

B.tech in Electronics & Telecommunication

Pune, MH

Government Polytechnic

Aug 2018 - Jun 2021

Diploma in Electronics & Telecommunication

Shambhaji Nager, MH

Javta Vidya Mandir

Jun 2017 - Mar 2018

SSC

Murud,Latur,MH
